

TakboHub

Application Flow Guide

A complete walkthrough of every screen and user journey

Document Info	Details
Version	1.0
Last Updated	January 2026
Audience	Stakeholders, Designers, QA Team

User Types Overview

TakboHub serves different types of users, each with their own needs and access levels.

User Type	Who Are They?	What Can They Do?
Runner	Anyone who wants to join a running event	Browse events, register, pay, view registrations
Organizer	Race directors, running clubs, event companies	Create events, manage registrations, confirm payments
Staff	Volunteers or helpers assigned by organizers	View registrations, confirm payments on race day
Super Admin	TakboHub platform administrators	Manage all organizations, handle support

Note: A person can be both a Runner AND an Organizer. For example, someone who organizes local fun runs might also register for other events as a participant.

Public Pages (No Login Required)

These pages are accessible to everyone without logging in.

Landing Page (Home)

Home Page

The first page visitors see

- Hero section with tagline: "Find and join running events in the Philippines"
- Search bar to find events by name or location
- Featured/upcoming events carousel
- "How It Works" section explaining the platform
- Call-to-action buttons: "Browse Events" and "Organize an Event"

Events Listing Page

Browse Events

Shows all published running events

- Grid of event cards: banner image, event name, date, location, price range
- Filter options: Date range, Location, Distance category
- Sort options: Date (soonest first), Recently added
- "Load more" button for pagination

Event Details Page

Event Details

Complete information about a specific event

- Large banner image at the top
- Event name, date, time, and location with map link
- Organizer name and logo
- Full event description
- Race categories table: name, distance, price, available slots
- Registration status: "Open", "Closes in X days", "Closed"
- Prominent "Register Now" button
- Share buttons for social media

Runner Journey

Everything a runner does from finding an event to getting confirmed.

Guest Registration Flow (No Account)

Runners can register without creating an account - the fastest path to registration.

Step 1: Find Event

Runner browses events or receives a shared link.

Step 2: View Event Details

Runner reads event info and checks categories.

Step 3: Click Register

Runner clicks "Register Now" button.

Step 4: Fill Registration Form

Runner enters personal details.

Step 5: Select Payment Method

Choose: GCash, Maya, Card, Bank Transfer, or Cash.

Step 6: Complete Payment

Redirected to payment page OR shown instructions.

Step 7: Receive Confirmation

Email with registration details and receipt.

Registration Form Fields

Field	Required?	Notes
Full Name	Yes	As it should appear on bib
Email	Yes	For confirmation and updates
Phone Number	Yes	For urgent communications
Birthdate	Yes	For age group categories
Gender	Yes	Male / Female / Prefer not to say
Race Category	Yes	Dropdown based on event
Shirt Size	Yes	XS / S / M / L / XL / XXL
Emergency Contact Name	Yes	In case of emergency
Emergency Contact	Yes	Must be reachable on race day

Phone		
Relationship	Yes	e.g., Spouse, Parent, Friend
Waiver Agreement	Yes	Checkbox to accept terms

Registered User Flow

Users with accounts enjoy pre-filled forms and registration history.

Step 1: Log In

User logs in with email and password.

Step 2: Browse Events

Find events through listing or dashboard.

Step 3: Start Registration

Form is pre-filled with saved info.

Step 4: Review & Submit

Review data, select category, choose payment.

Step 5: Complete Payment

Same payment flow as guest.

Step 6: View in Dashboard

Registration appears in "My Registrations".

My Registrations Page

My Registrations

Where runners see all their event registrations

- List of registrations with status badges (Pending, Confirmed, Cancelled)
- Each shows: event name, date, category, payment status
- Quick actions: View details, Upload proof, Cancel
- Filter by status: All, Upcoming, Past, Pending Payment

Organizer Journey

Organizers create events, manage registrations, and handle payments.

Getting Started as an Organizer

Step 1: Create Account

Sign up with email and password.

Step 2: Create Organization

Set up organization profile: name, logo.

Step 3: Create First Event

Fill in event details and publish.

Creating an Event

The event creation process is split into logical sections.

Event Basic Information

Event Details Form - Part 1

Core event information

- Event name
- Event date and start time
- Location (address text)
- Google Maps link (optional)
- Banner image upload (1200x630 recommended)
- Event description (rich text)

Race Categories Setup

Event Details Form - Part 2

Define registration options

- Add category button
- For each: Name, Distance, Regular price, Early bird price, Deadline, Slot limit
- Drag to reorder categories
- Delete category (only if no registrations)

Registration Settings

Event Details Form - Part 3

Control registration

- Registration opens: date and time
- Registration closes: date and time

- Payment methods enabled: Online, Bank Transfer, Cash
- Bank details (if enabled): Bank name, Account name, Account number
- Cash payment instructions: Where/when to pay

Event Status Lifecycle

Status	Meaning	Actions Available
Draft	Only organizer can see	Edit freely, Preview, Publish
Published	Visible to everyone	Edit (limited), View registrations
Completed	Event is over	View data, Upload results, Export
Cancelled	Event won't happen	Notify registrants, Process refunds

Organizer Dashboard

The command center for managing events and registrations.

Dashboard Home

Dashboard Home

Overview of organizer activity

- Quick stats: Total events, Active registrations, Pending payments, Revenue
- Recent registrations feed
- Upcoming events list
- Quick actions: Create event, View pending payments

Event Dashboard

Event Dashboard - Overview Tab

At-a-glance event status

- Event status badge and basic info
- Registration stats: Total, Confirmed, Pending, by category
- Revenue summary: Total, Pending, by payment method
- Shirt size breakdown chart

Event Dashboard - Registrations Tab

Manage all registrations

- Table: Name, Email, Category, Payment Method, Status, Date
- Search by name or email
- Filter by: Status, Category, Payment Method
- Click row to view/edit registration details

Event Dashboard - Pending Payments Tab

Payments needing attention

- List of registrations with pending payments
- For each: Runner name, Category, Amount, Time since registration

- Bank transfer entries show "View Proof" button
- One-click "Confirm Payment" button

Confirming Manual Payments

For bank transfer and cash payments:

Step 1: View Pending List

Go to Pending Payments tab.

Step 2: Review Registration

Click to see details.

Step 3: View Payment Proof

For bank transfers, view uploaded screenshot.

Step 4: Confirm or Reject

Click Confirm (sends email) or Reject (with reason).

Exporting Data

Export Options

Download registration data

- Export format: CSV or Excel
- Filter: All registrations or Confirmed only
- Select columns to include
- Preview before download

Exported data includes: Runner name, email, phone, category, shirt size, payment status, registration date, emergency contact, bib number.

Staff Journey

Staff members are volunteers who assist organizers with limited access.

Staff Invitation Flow

Step 1: Organizer Invites

Organizer adds staff email in settings.

Step 2: Staff Receives Email

Invitation email with accept link.

Step 3: Staff Creates Account

Create account or accept if existing user.

Step 4: Access Granted

Staff sees assigned events in dashboard.

Staff Dashboard

Staff Dashboard

Limited view for event helpers

- List of events they're assigned to
- For each event: View registrations, Confirm payments
- Cannot: Edit events, Delete registrations, Access financial reports

Race Day Check-in (Phase 2)

Future feature for checking in runners on race day:

- Scan runner's QR code from confirmation email
- Or search by name/bib number
- Mark as "Checked In"
- View emergency contact if needed
- Track check-in progress

Payment Flows

TakboHub supports multiple payment methods for runner convenience.

Online Payment (GCash, Maya, Card)

The fastest option - payment is confirmed automatically.

Step 1: Select Payment Method

Choose GCash, Maya, or Card.

Step 2: Review Order

See registration summary and total.

Step 3: Redirect to Payment

Taken to PayMongo checkout page.

Step 4: Complete Payment

Pay using chosen method.

Step 5: Automatic Confirmation

Registration marked Confirmed.

Step 6: Confirmation Email

Email with details and receipt.

Bank Transfer

For runners who prefer traditional bank transfers.

Step 1: Select Bank Transfer

Choose "Bank Transfer" option.

Step 2: View Bank Details

System shows organizer's bank info.

Step 3: Make Transfer

Transfer exact amount to account.

Step 4: Upload Proof

Upload screenshot of confirmation.

Step 5: Wait for Confirmation

Status shows "Pending".

Step 6: Organizer Reviews

Organizer confirms payment.

Step 7: Confirmation Email

Email that payment is confirmed.

Cash Payment

For runners who want to pay in person.

Step 1: Select Cash

Choose "Pay with Cash".

Step 2: View Instructions

See where and when to pay.

Step 3: Submit Registration

Created with "Pending" status.

Step 4: Pay In Person

Go to location and pay.

Step 5: Staff Confirms

Staff marks as received.

Step 6: Confirmation Email

Email that registration is complete.

Payment Status Indicators

Status	Color	Meaning
Pending	Yellow/Orange	Awaiting payment or confirmation
Confirmed	Green	Payment verified, ready for race day
Failed	Red	Payment failed, needs retry
Refunded	Purple	Payment returned to runner
Cancelled	Gray	Registration cancelled

Email Notifications

TakboHub sends automatic emails at key moments.

Emails to Runners

Email	Trigger	Contains
Registration Confirmation	After successful online payment	Details, receipt, QR code
Payment Pending	After bank/cash registration	Payment instructions, deadline
Payment Confirmed	When organizer confirms	Confirmation, receipt, QR code
Payment Reminder	24 hours before close (if pending)	Reminder to complete payment
Registration Cancelled	When cancelled	Cancellation notice, refund info
Event Reminder	24 hours before event	Event details, location, what to bring

Emails to Organizers

Email	Trigger	Contains
New Registration	Each new registration	Runner name, category, status
Daily Summary	Daily at 8 AM	New registrations, pending, stats
Payment Proof Uploaded	When runner uploads	Link to review and confirm

Error States & Edge Cases

The system handles errors gracefully with clear messages.

Registration Errors

Situation	User Sees	What Happens
Category sold out	"This category is full"	Suggest other categories
Registration closed	"Registration has closed"	No register button
Duplicate email	"You've already registered"	Link to existing registration
Missing required field	Field highlighted red	Scroll to first error

Payment Errors

Situation	User Sees	What Happens
Payment failed	"Payment not successful"	Option to retry
Payment timeout	"Session expired"	Return with data saved
Insufficient funds	"Payment declined"	Suggest alternative method
Upload failed	"Upload failed"	Retry button, file size info

Loading States

Every action shows appropriate feedback:

- Page loading: Skeleton screens
- Form submission: Button spinner, disabled
- File upload: Progress bar
- Data fetching: Shimmer effect
- Payment processing: Full-page loader

Appendix: Screen Inventory

Complete list of all screens in the application.

Public Screens (No Auth)

Screen	URL Path	Purpose
Home	/	Landing page
Events List	/events	Browse all events
Event Details	/events/:slug	View event info
Registration Form	/events/:slug/register	Register for event
Login	/login	User login
Sign Up	/register	Create account
Forgot Password	/forgot-password	Request reset
Reset Password	/reset-password	Set new password

Runner Screens

Screen	URL Path	Purpose
My Registrations	/my-registrations	List of registrations
Registration Details	/my-registrations/:id	View registration
Profile Settings	/settings/profile	Edit personal info
